### *Tony and Claudia say hello*

Hi, Guys.

Well, guess what? We got a different house. Real nice and big, big yard and kitchen. Also a double garage, a new home for Greenfenders and his cousin. Yeah, got another car to do. Sorry it's not a Packard, but it's a beauty—1941 Buick four-door Special, 45K miles, only two owners, in great shape. I'll send pictures soon. The new address is: 10890 Albion Court, Thornton, CO 80233; phone (303) 457-4720.

I love you guys, miss you a bunch. Stay in touch. I will be calling soon.

*Love,*

*Tony*

## PRESIDENT'S FORUM

May 1993

*Hi, fellow Packardites.*

The Fun in the Sun Phoenix Tour has come and gone. We had seven members from the San Diego Region go, and several from SoCal and NoCal regions. It is safe to say that we all enjoyed ourselves immensely.

I lost a freeze plug out of my motor in Phoenix, and I cannot thank the Phoenix club enough. They pushed me out of the way and went to work. In about two hours my car was ready, and it brought me home without a problem.

Tony and BJ had a problem with their distributor on the way home. Les and I stayed with them, and finally Tony figured out what was wrong. It was only a rotor, but it gave us lots of fits. We told Lloyd and Joan King to go on home. It was late by the time we found out the problem, so the rest of us stayed over in Yuma. We all made it home the next day without any trouble.

Our next outing is a surprise tour on May 15 at Camp Pendleton. The Marines need our help. The rains this year caused a lot of damage to their chapel. They asked if we would show our cars on May 15 so that they could raise money to repair the chapel. They cannot use government money for repair on chapel or church. So for that reason they need all the help that they can get. Please volunteer your time and your car for this worthwhile project. Please let me, BJ Hill, or Bruce Newton know as soon as possible so that we can let the Marines know. The Marines need some good Packards and people. We will meet at the Oceanside May Company parking lot at 9:30 a.m. for the tour to Camp Pendleton. Let's go!

Following Camp Pendleton is the Fallbrook Meet on May 30. Less Hill is in charge of this one. I hope you all come out and enjoy the show and the food that Les and Alice cook up for us. We're in space 19. Meet at Mission Valley Focus at 9:30 to head for Fallbrook.

See you at Marie Callender's for the regular meeting.

*George Cataline*

- JULY Steve Crum, International Appraiser, "Automobile Appraisal"
- AUGUST "Glass for Your Car"

**HELP! HELP!**

**SPECIAL TOUR! COMMUNITY SERVICE PROJECT!**

Remember the floods we had recently? The chapel at Camp Pendleton was destroyed, and a call for help has come to the San Diego Region to assist in the restoration. We need you on May 15 to show your car from 11:00 a.m. to 3:00 p.m. at the Ranch House at Camp Pendleton.

FEDERAL FUNDING MAY NOT BE USED FOR THIS PROJECT, SO A COMMUNITY COMMITTEE HAS BEEN ESTABLISHED.

While the cars are on show in the circular driveway at the Ranch House, arrangements have been made at Lake O'Neill for us to picnic. Space 2678. There is miniature golf (18 holes) and bumper boats, row boats and pedal seat boats available for rent on the lake. Four covered tables have been set aside for our use.

COME AND MAKE THIS YOUR COMMUNITY SERVICE FOR THE YEAR. JOIN US. ALL CARS ARE WELCOME. ALL CARS ARE WELCOME IF YOU HAVE FRIENDS FROM OTHER CAR CLUBS.

**DIRECTIONS:** Meet at May Company parking lot in Oceanside (I-5 and 76) at 9:30 a.m. Coffee and crumpets will be for the early comers. We will leave at 10:00 a.m. to tour into the base. If you can come and can't meet us there, maps have been included.

BRING A DISH TO SHARE. THE REGION WILL PROVIDE THE COFFEE AND LEMONADE. BRING THE FAMILY AND MAKE A DAY OF IT.

**ABOUT THE RANCH HOUSE/CHAPEL:** The Ranch House complex, surrounded by a grove of eucalyptus, palm, and other trees, was headquarters for the huge Rancho Santa Margarita y Las Flores rancho/land grant, which at one time included over 130,000 acres. It is now the home of the base commanding general. This complex is a National Historic Site and consists of a restored adobe ranch house, a chapel, and a bunkhouse which has been converted to a museum.

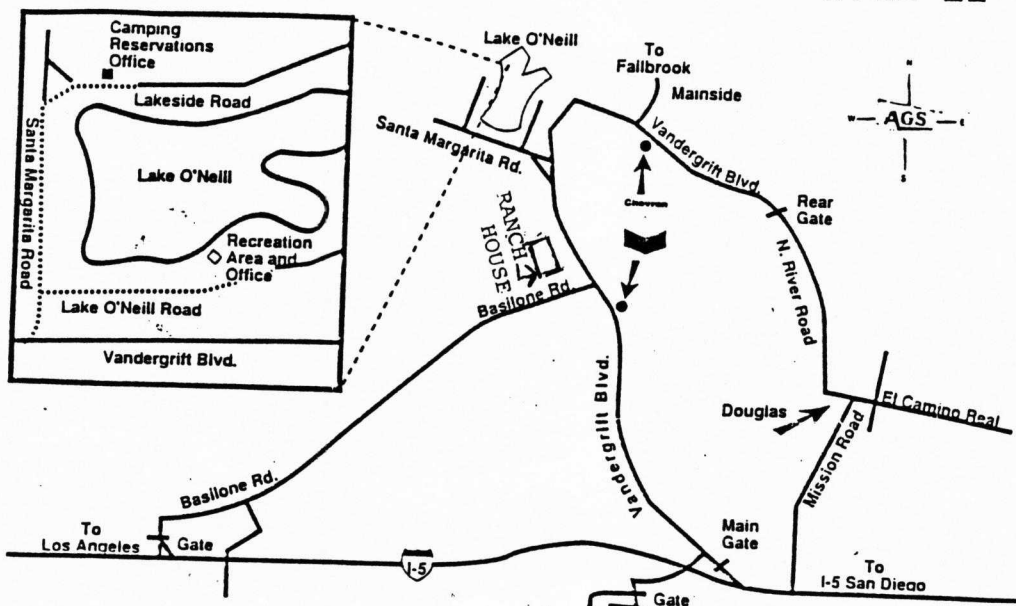

Built in the 1820s, it was the home of the rancho owners until purchased by the Marine Corps in 1942. Built in the traditional Mexican hacienda style, the house centers around a garden courtyard and fountain. Briefly used as an officers' club and

then a museum, it was restored by the Marines and has been the home of the commanding general since 1947. (Not usually open to the public.)

Dating from the early 1800s, the chapel was originally a winery for the Mission San Luis Rey lands. Over the years it has also served as a temporary quarters for the Pico family, a blacksmith shop and a tool shed.

In 1965 the bunkhouse for the rancho's vaqueros (ranch hands) was converted to a museum housing artifacts and photos which reflect the colorful rancho period of Camp Pendleton's history.

# CAMPO TRUCK MUSEUM TOUR

by Colin Fort

Our tour of the Campo Truck Museum took place in the back country on Sunday, March 7. This was a joint tour between the Packard and Studebaker clubs, but was mainly put together by Wallace Walmsley of the Packard Club. Later we were joined at the site by members of the local Alfa-Romeo Club.

It was a rather warm day, considering the recent rainstorms we experienced in February. We gathered at Wards' parking lot in Mission Valley and those in attendance included:

## PACKARD:

WALLACE WALMSLEY - 1937 black 115C convertible coupe  
CARL PEDERSON & TERRY MEHAM - 1927 green and black 6-cylinder roadster  
LES AND ALICE HILL - Brand X  
TONY COLLINS & BJ HILL - Brand X  
SCOTT JOHNSON & FERN COOMES - Brand X  
GEORGE & WINONA CATALINE - 1936 V-12 roadster coupe  
MARK CHANDLER - got to ride in the rumble seat of George's roadster  
LLOYD & JOAN KING - 1953 "2631" Mayfair hardtop  
STEVE & BOBBIE MCNICOL - 1941 grey four-door sedan

## STUDEBAKER:

RAY & KAY ELLIS - 1964 Hawk  
COLIN & SUZANNE FORT & SONS (SEAN-COLIN & GARRETT) - Brand X  
ROBYN GREENLUND - 1963 Lark  
JERRY & DIANA SELLERS & DAUGHTERS (KELLY & KRISTI) - 1959 Silver Hawk  
ESTHER SCHMIDT - 1962 GT Hawk

It wasn't too long after we started the long trip to Campo that we got split into two groups. I was with the group that went the southern route with winding roads through communities like Potrero and Dulzura. Some of us were almost carsick by the time we got to the museum. We were amazed at how green it was. All the streams were full of water, and there were even a few waterfalls along the route. This is usually desert terrain. The mountains received substantially more rain than the coastal areas this year.

The other group stayed on Highway 8, but most of the Packards overheated along the Alpine grade. They all remarked how well our Studebakers handled the grade. Finally we all made it to the museum for the tour. The bulk of the trucks in the front yard were well weathered from hard use and years of neglect. However, many were rare enough that I am sure there are those that would be encouraged to try a restoration. There were also many trucks inside a large building which used to be a feldspar mill in Campo until the early '50s. There were gems inside the building, including several Mack Bulldogs and the famous World War I Jeffery Quads with solid rubber tires. There was only one Studebaker truck in the yard (M series), and it was in sad shape. It was certainly a worthwhile tour and an opportunity to see a large number of old trucks in one place.

My father-in-law, Gordon Dye, joined us at the museum. Esther Schmidt also joined us later because she lives closer to the museum site. After touring the museum, we went a short distance to Morena Lake Park. Everybody brought a hot dish, salad or dessert, and we stuffed ourselves. Those of you who did not go to the park missed a fabulous feast.

Jerry and Diana Sellers and family had to leave early to celebrate Kelly's fourth birthday with other family members. I remember when my daughters celebrated a birthday or two with the club. Time passes so fast, so enjoy the fellowship of the club and drive those Studes more often. Like on the open road rather than being kept in the garage.
