REGIONAL DIRECTOR'S MESSAGE

By Richard Schauer

Here we are well into 2021 and so far we are 100% on events planned versus events completed. That means we are one-for-one, but that is no small feat. The New Year's Day tour organized by Catherine Woolsey was a huge success. Soon we will be two-for-two. Feb. 27 is not far away. Bring your Packard and your appetite (see flier). Paul Santy, our resident outdoor chef, will be performing his magic again on burgers and brats. Don't forget to make your

reservation for the Borrego Springs Resort for the March 26-28 extravaganza. We always have a great time at the resort and especially when we team up with our sister club, the Mercedes-Benz Club. As long as you have your calendar in front of you please reserve your room at the Best Western Island Palms Hotel & Resort for the Western Regions Tour, May 12-16. We want to really roll out the red carpet for fellow PAC members that come to stay in our fair city. Our 2021 calendar of events is full and unfolding before your very eyes. Don't miss a thing!

Speaking of missing something, if you don't renew your membership soon you will miss out, and that would leave a void in your life. February is the final month of the membership drive. You will not receive another Predictor after the March issue. Please don't let that happen. There is so much to look forward to from your club in 2021!

In the prior issue of the Predictor I reminded members to send in the favorite photo of their Packard to Catherine Woolsey so she can post it to our web site. Catherine is still looking for photos. If you don't have one, this is a great time to dust off the Packard, take it out for a drive to your favorite venue or park and snap that perfect photo. Of course, if you do not renew your membership your Packard photo will not be posted.

Planning is in full swing for the Western Regions Tour. Please register right away. The itinerary is filled with fun tours, selected with care to show the very best of San Diego to our guests. Catherine and Marjo have put together a top-notch team of volunteers to assist them.

TOMORROWS PACKARD OWNERS

S. Ross

Packard Automobile Classics has a sponsored program for young folks who have an interest in automobiles, especially Packards. We are pleased to announce that we have a new future Packard owner/member, Jake Findley. Jake is sponsored by Tim Pestotnik our Assistant Regional Director. Say hi to Jake, when you see him. WELCOME ABOARD, JAKE!

THE NEW YEAR'S DAY TOUR

S. Ross

This was a tour to write home about, honestly. I saw parts of San Diego County that are within 25 miles of where I live that I did not know existed. The entire drive was sunny, warm and we were breathing our Earth's fresh air. Part of the time though a mask but, we car folk are adaptable and versatile. No Probl-Em-Oh. There were vintage Mercedes-Benz as well as Packards.

Evelyn, Phil's ride. 1939 120 Touring Sedan.

Brian's "41" 120 Touring Sedan

The Woolsey 1935 Limo

Catherine Woolsey, our Tour Director attempting to get the herd together for instructions. The guy in the blue shirt really should avoid profile shots, and I doubt he was much help.

Finally, Catherine can give the briefing, although some guys are not paying attention. I am sure you can spot them in the photo. We do not name names.

Phil P. in black vest, Heather, Bob Gunthorp and Jeanette Hay. Bob has spotted something.

From L to R - Rudy Wokoek, Jimmie Stewart, Gary Kies, Brian Wagner, Peggy, Bob, Phil and Heather. It seems Catherine has everyone's attention.

After a fantastically fun, scenic drive most of us arrived at the Park in Carlsbad where we circled our chairs, enjoyed lunch, and shared tall tales of automobile lore.

MBCA San Diego Section VP, Jeff Hern enjoying a bit of vino with his lunch.

Dual Club member Mateo sporting the very latest in mask technology.

Heather and Phil Pizzuto in the low chairs. Todd Schonenberg talks to Phil probably about a radiator cap, as Jeff relaxes.

Pete Lobner, standing while Jen searches the lunch bag. Jim Woolsey checks out his sandwich and Catherine may be thinking, wonder what I put in here.

Mercedes-Benz Club President Kruse confers with the VP and returns to her chair with a glass of vino I assume.

Rudy setting up his chair as Rose holds the food. Jimmie is digging in.

Phil still had the holiday decorations on his 1939 Packard

This forlorn, neglected lady joined us and of course we accommodated her with food, drink, sweets and kindness.

The caravan. Leading the pack is Phil in Evelyn.

S63 AMG (V-12)

A few Mercedes-Benz showed up, a white ML 350, Blue 280SL, Blue S63 AM , and a Red 300SL .

Bob Gunthorp Points to his 250S and Carol Ross points put her 280SE. The Red and Silver Stars.

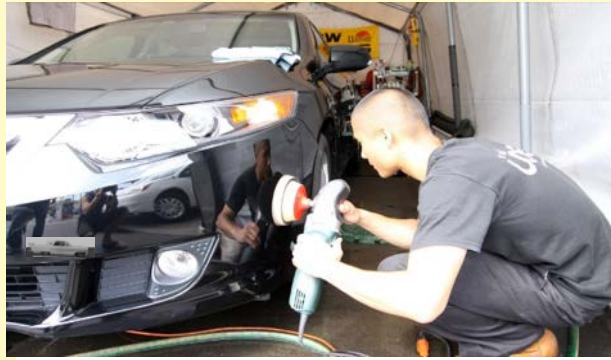

AMG GT C Roadster

The two clubs had a fun, safe outing, got to enjoy driving their automobiles and enjoy a safe social gathering.

WHAT: “Shine & Burgers”
WHERE: The Pestotnik/Woolsey Warehouse
120 N. Pacific - Unit G2
San Marcos, CA 92069
WHEN: Saturday, February 27, 2021 at 12:00 pm

OK, no excuses.... You’ve got plenty of time on your hands to shine up that old Packard and show off the true beauty of your baby. Come join us as we talk about how to keep our cars in top shape and share information about products that truly are “the best.”

Please arrive with a clean car as there will be no water hoses available. You also need to bring your polish products, polish cloths, and a lawn chair to relax in after you’ve completed your exhausting polishing job. We will have some fun detailing our cars together.

After you have buffed up your doll, sit down outside and enjoy a burger cooked to perfection by Chef de Cuisine, Paul Santy, or bring your own lunch. During lunch, our judges will be carefully examining the blinding shine on each car. Yes, there is going to be a trophy for “THE MOST BUFF PACKARD.” Can you believe it!?!? All cars will be judged together, but the owner must be present to win.

There is no charge for this fun event, but please RSVP by Wednesday February 22, 2021 to our first Junior Member, Jacob Findley, at jcbfindley@gmail.com or 619.885.2134 so we know how many burgers, beverages, and ice cream bars to buy.

THE CARLSON BROTHERS 32 PACKARD RACER

Rick Carlson

The Carlson Brothers racing team at the Race of gentlemen Rick, Royce and Randy

In 1947, a group of WWII Veterans formed the Oilers Car Club, an assembly of friends who raced their hand-crafted hot rods. Inspired by this group in October of 2016 The Race of Gentlemen raced at Pismo beach.

The weekend was a historic look at the early days of hot rodding. All the race cars had to be from between 1905-1940 American-chassis and engines, with no parts manufactured after 1948. It was a rainy weekend and high tides shortened the racing activities but the roar of vintage iron filled the air as soon as the clouds broke. The Packard was good for 2 wins and one loss but the whole weekend was a big winner for all that braved the elements.

The long term project to fully restore this beautiful classic back to its original glory is underway but it was fun to run the car in its un-restored condition.

Rick and Randy Carlson bring the 32 onto the sand at Pismo Beach for the Race of Gentleman.

Randy trails a very fast flat head V8 that weighs half of the Packard.

No these were not Hollywood movie folks but they could be.

This is Lynn Strobel carefully guiding their 1932 Packard Light Eight Roadster onto the trailer with Rick's guidance, after a day of racing.

As Rick stated this Packard is now undergoing a total restoration, returning it to the tamed, civilized, machine it should be, after a life of racing on the sand at Pismo Beach.

This is quite a story. Do you have a story about your Packard? Our readers would sure like to hear it.

1938 Packard 6-Cylinder Engine and 3-Speed Transmission for Sale.

The engine was in running condition when it was removed from the car. It developed a knock which is probably a loose connecting rod. The engine has well under 10K miles on it since being overhauled about 4 years ago. The cylinder head was resurfaced and the cylinders were bored. Then, all new valves & guides and new pistons & rings were installed. The engine rebuild work was performed by Kenyon Machine Shop. The flywheel was resurfaced, and a new clutch & pressure plate and a new throw out bearing were also installed.

Colin Fort's 1958 Special 58L-P8 Packard Station Wagon. This is a rare Packard as, very few of this model were manufactured and even fewer still exist today. It has not had a complete restoration, making it a nice specimen to view.
