**HAVE A SAFE
HALLOWEEN
AND BEWARE OF
THE GHOST
PACKARD**

One hundred years ago, in 1922, the US Geological Survey said the US oil supply would be depleted in 20 years.

The coastal tour led by Catherine Woolsey was a big hit, and you may read all about it in this issue.

We are now in our club election cycle and two officer positions are open, Assistant Regional Director and Secretary. Nominations are now open for these positions, as well as a Director at Large.

We are having a planning meeting for 2023 events, and we want to have FUN events for our members. SO, if you have something you like to do, please let any of our board members know, and we will bust a gut to do it.

The PAC National meet is scheduled for June 2023 in Rohnert Park, CA, hosted by the NORCAL Region. We are working with the Earl C. Anthony Region to possibly arrange transporting cars, and we are discussing a caravan from our region to drive up. I have attended two National meets and if you like car people, and especially Packard folks, Packard cars, and fun, this is an event you don't want to miss. If the Packard is not up to the trip, drive that other car.

Don't forget to look for the hidden Predictor and take a shot at the Chicken Dinner Winner automobile.

HIDDEN PREDICTOR LOCATION AND OTHER INTERESTING STUFF

No one found the hidden Predictor

This Packard gentleman ain't happy! His impressive ride has failed to proceed and his buddies are standing around with their hands in their pockets. I think this is a 1930 Packard sold in Europe, based on the license, black grill and small lights on the fender.

A top-of-the-line Packard ready for touring, parked in a rather nice neighborhood.

SAN DIEGO SOUTH COASTAL TOUR

Catherine Woolsey

On Saturday September 17, 2022, the Packard Club toured from Balboa Park to Pier 32 in National City. Pete and Susan Havier, our new members the Sandefer/Woolsey family and Jim and Catherine Woolsey met at Balboa Park.

We proceeded to Coronado through Logan Avenue and needed an unexpected pit stop at Glorietta Bay. After our short stop we proceeded on the rest of our tour. The tour guided us through the neighborhoods of Coronado, down Ocean Blvd to take in the view of the beautiful sunny day riding along the ocean, then turning on to the Silver Strand highway in front of the Hotel del Coronado. Jamie Woolsey mentioned although she has lived here her whole life, she has never traveled on the Silver Strand or knew about the La Punta Salt Works. Coronado was very familiar to Pete as he worked on North Island.

Our next stop was the La Punta Salt Works, established in the 1870's. One of the important uses for the salt was to supply the salt for the Starkist Tuna packing plant in San Diego until the cannery was closed in 1984. We were able to see the salt ponds where the salt is captured and dried and as luck had it, we were able to see the conveyor belt processing the salt. It was a great experience for Everett Sandefer stating he really liked it. Pete mentioned he has lived in San Diego his whole life and never knew the plant was there.

A short drive later, we arrived at Pier 32 and had a delicious lunch at the Marina visiting with our members and making new friends. At 2:00 it was time to bid our farewell. It was a beautiful drive with great members.

It goes without saying we missed Deb Burroughs on our tour due to a miscommunication. We missed your company.

We missed our members who were out of town or had previous engagements and I would like to thank the members for their RSVP to advise they were unable to come on the tour. We hope to see you on our next tour.
